Sub:- DSYA-Appreciation for Outstanding Project Report on Jimmy George Indoor Stadium
Development-Reg

Dear Students,

On behalf of the Department of Sports and Youth Affairs, I extend my heartfelt appreciation to the students of the Architecture Department at Bishop Jerome Institute of Technology, Kollam, for your excellent work in preparing a detailed project report on the proposed development of Jimmy George Indoor Stadium into a vibrant sports life hub.

Your report reflects a high level of creativity, technical insight, and practical planning, with a clear vision for enhancing the utility and community impact of the stadium premises. The thoughtful integration of sustainable design, accessibility, and modern sports infrastructure demonstrates your deep understanding of both architecture and social responsibility.

Your contribution stands as a commendable example of how young professionals can impact real-world urban spaces positively. We are confident that your work will play a key role in guiding the stadium's transformation into a center for youth engagement, fitness, and evening sports activities.

Wishing you continued success in all your future academic and professional endeavors.

Yours faithfully

Vishnu Raj P IAS
Director Sports & Youth Affairs
