

Report on BSNL Exhibition at Bishop Jerome Institute

Date: 21/02/2025

Venue: Room 207, First Floor

Organized by: ECE Department

Conducted by: Catherine and Arnold

The BSNL Exhibition at Bishop Jerome Institute aimed to educate students on modern telecommunications. It featured demonstrations on broadband services, fiber-optic communication, mobile networks, and satellite communication, along with live sessions on telecom infrastructure and emerging trends like 5G.

Students actively participated, gaining hands-on experience with telecom equipment and networking setups. The event received positive feedback from students and faculty, who appreciated the practical exposure. The exhibition was a resounding success, fostering interest in telecom careers and bridging the gap between theory and practice. Sincere thanks to BSNL professionals, college authorities, faculty, and volunteers for their support.

ECE,

Bishop Jerome Institute
